

Crunchfish enrolled to leading international payment network's partner program

Crunchfish AB ("Crunchfish") announces its enrolment into a leading international payment network's partner program with its Digital Cash solutions. As a technology partner, Crunchfish will get access to specifications and toolkits enabling integration with their payment network.

Crunchfish's patent pending Digital Cash solutions are built on a two-tier offline vs. online settlement architecture. As a technology partner, Crunchfish will work with solutions architects and have access to specifications and toolkits enabling Digital Cash development, integration and certification with their payment network. Crunchfish is sponsored by the payment network's innovation team in India into this program.

"To be invited into this partner program is an important milestone for the company and a testimony of Crunchfish's technology prowess. It suggests that Digital Cash is a promising solution that may become an integral part of digital payments of tomorrow.", says **Crunchfish's CEO Joachim Samuelsson**.

About Crunchfish – crunchfish.com

Crunchfish is a tech company with a patent-pending solution for digital offline payments that can be integrated both with the payment rail or in a mobile wallet. The offline solution is globally scalable and makes digital payments more robust as the risks of disruptions and downtime are eliminated. We have also developed Blippit, an app terminal that connects to a cash register system for both online and offline payments. Crunchfish also develops gesture control of smart AR glasses for the consumer market. Crunchfish has been listed on Nasdaq First North Growth Market since 2016 with headquarters in Malmö, Sweden and with representation in India.
