

## Invitation to a presentation of Crunchfish's annual report

On May 12th, at 10 am CET, Crunchfish will host a live presentation of the company's annual report via Zoom, ahead of the company's Annual General Meeting on May 19th. Crunchfish's CEO Joachim Samuelsson and the company's auditor Åsa Andersson-Eneberg will give fast-paced Pecha Kucha presentations about how we will pay in the future, about the annual report and the auditor's report. Shareholders will also be able to ask questions in the chat room.

[Click here to download the 2020 Annual Report](#)

Registration to this presentation is done via the following link:

[https://us02web.zoom.us/webinar/register/WN\\_r1H7FYBZQ9iMGsIckxN0HQ](https://us02web.zoom.us/webinar/register/WN_r1H7FYBZQ9iMGsIckxN0HQ)

The Pecha Kucha presentation about how we will pay in the future is already [available here](#). The two other presentations will be launched during the event on May 12<sup>th</sup>. The entire event will also be recorded and be available via Crunchfish's website as well as the company's YouTube channel.

The 2021 Annual General Meeting will be held without physical participation and voting will take place in advance through postal voting. For voting, shareholders shall use the digital form available here:

**About Crunchfish – [crunchfish.com](https://crunchfish.com)**

Crunchfish is a technical pioneer within digital payments with its ground-breaking Digital Cash Wallet using a two-step payment process, first clearing offline followed by online settlement, which makes digital payments robust and independent from the net. Crunchfish Digital Cash Wallet is extremely flexible and may be used with all types of payment services. It is interoperable cross-service/schemes and cross-borders/currencies. It truly delivers the properties of cash, such as instant clearing, offline payments and preserving the payer's integrity, without requiring any changes to the central or commercial banking infrastructure. This enables CBDC to be rolled out fast in any country.

We have also developed Blippit, an app terminal that connects to cash register systems for both online and offline payments and have a patent-pending solution to reduce food waste. Crunchfish also develops gesture control of smart AR glasses for the consumer market.

Crunchfish is listed on Nasdaq First North Growth Market since 2016, with headquarters in Malmö, Sweden and with representation in India.
